and pure blood are inseparable. If your blood is bad, your health must suffer. Foor blood allows the body to lose virality just as a poor fire under the botler allows the steam to run down. From poor blood to impure blood is but a step, and impure blood is mother to a large percentage of human ills. Dr. Harter's Iron Tonic is an antidote for both poor and impure blood, for it is both a builder and purifier—a food and a medicine. It is the best combination of the kind known to medical science, and its success for nearly half a century has led to its endorsement by housands of medical men who have Missouri, Kansas and housands of medical men who have seen unable to find a substitute.
